

# **Grandparents Apart UK**

Change of day for

## **A peaceful Demonstration against Social Services Child Adoption and Family policies**

**Wednesday 4<sup>th</sup> March 11.am**

At

**George Square Glasgow.**

### **Who is invited**

**Grandparents, Mothers, Fathers, Step-parents, Uncles, Aunts.**

**In fact everyone who cares about children is welcome.**

**Reason:-** To protest against the adoption, parenting, and grandparent policies of our "out of touch Social Services departments" who now appear to be wholly incompetent and acting as a law unto themselves, with complete disregard for the children's "Best Interests" (article 8 of the Human rights act and the UN convention for the rights of the Child)?

These policies are causing untold distress to children and families. The proof being the recent outrage, regarding grandparents who were by-passed for the adoption of their grandchildren We demand policies to be more in line with children's welfare and not to be treated as commodities to be disposed of as in a business plan.

We call on everyone who cares for children's welfare to demonstrate your disapproval of these policies and also to write to your MSPs, MPs in protest stating that you support our protest.

**For full details follow this link for further information.**
